Derby-based Syntax Consultancy has appointed three new members of staff as part of its expansion policy.

The company, based College Place, specialises in IT, engineering and technical recruitment, training and IT services – working with businesses throughout the UK and in mainland Europe.

Hannah Dimond has joined in Sales and Marketing Support and Ash Alam and Kylie Clark as Business Development Executives.

Managing Director Roger Frost explained: “These new appointments come at a time when the company is steadily expanding both in terms of turnover and in the range of clients we work with.

“It is however vital that we do not sit back on our laurels in this economic climate and have therefore expanded the sales and marketing and business development teams to ensure that all new business opportunities are maximised.”
